

DEAR VALUED CUSTOMER,

In appreciation for your business, the D'Amico family would like to extend an invitation to purchase one of our great service plans. These plans are designed to bring you the comfort level you deserve with worry-free heating and plumbing service.

In this day and age, it is difficult to budget for unexpected emergencies such as no heat or a burst water pipe. Our plans allow you to make monthly payments so that there isn't a big unexpected bill when the unfortunate occurs.

Keep your heating system safe and operating efficiently with our "Tune and Clean", a \$150 value. We know you will be very satisfied with your savings.

Some of the service plans offered may require a free 30 minute inspection prior to contract approval. The technician will record information about your heating/plumbing system so that we can respond quickly to any emergencies. Obvious major deficiencies will need to be addressed before approval.

**Contract terms are for one year and are renewable. Budget payments must be set up on automatic monthly checking debit. Receive 1 month free if you pre-pay for the entire contract. Please call 315-789-7062 for more information.*

Please select the plan you would like, cut out this section and mail it to **D'Amico Plumbing, 68 Middle St., Geneva, NY 14456**
